Dear Class of 2010,

Welcome to PC! You are the largest freshman class in PC's history, and will definitely leave your mark on this campus and family. Always remember this is the home of the Blue Hese, breakfast study breaks, Bailey Memorial Stadium, swimming in the fountain, Neville, and many other memorable places and traditions. As you enter the PC Family these places and traditions will become sacred to you. Whether you are male, female, athlete, geek, musician, math student or artist the PC campus and family will become near and dear to your heart.

As you walk across campus and begin to know more names than you do not, stop to chat with a favorite professor, get fussed at for being on your cell phone in GDH, or meet your group for dinner you will quickly find that PC is much more than a college or a campus, it is a family.

So stop to get to know each other, have study sessions with friends at HR, attend a party at the fraternity court, or go to a ballgame. Just make sure that you get involved. You will quickly find that your four years here will be a journey to always remember. PC is not big but after all it is the small things that make something great!

Live the Spirit of PC,

Your Fellow Blue Hese

Student Life

*"Life moves pretty fast. If you don't
stop to look once in a while, you
could miss it."*

-Ferris Bueller

1. A freshman cooled off by bobbing for apples after the slip and slide. 2. Partners played a game to see which group could make a milkshake fastest. 3. A group of freshmen play tug of war. 4. Cody Whetsel passes an orange during a game to a member of his hose group.

RIGHT A group of freshmen girls slide down the slip and slide. The slide was drenched with water and shaving cream. This part was the definite favorite.

BELOW Sally Besuden plays a relay game during field day. Field Day was a part of orientation where freshmen could meet one another while having a blast.

"I loved orientation. It was a great opportunity to meet new people; especially the field day, it was a great way to see the crazy side of everyone!" -Riviere Propst

ABOVE A group of freshmen gather around to move to the next event during field day. The hose groups went around the events together.

Orientation Field Day

Freshmen are welcomed to PC life.

Each year at PC, upper classmen welcome incoming freshmen with open arms, priceless knowledge, and plenty of fun. The greeting for the class of 2010 was no different, except for the campus wide construction, which helped develop this year's orientation theme: "Under Construction."

The class of 2010 arrived with fully packed cars. Hose Leaders, Blue Fish, SVS coordinators, Student Government officials and other PC family members came to help the newest "Hoselings" settle into the bubble. The chair of the Orientation Committee, Matt Reese commented, "Working with SGA on Orientation was a wonderful experience. It was great to remember my time as a freshman and all the great memories I have from my PC career. I truly feel that our outstanding Orientation sets the stage for the community of friendship and scholarship which is so unique to PC."

After settling in, meeting with their hose groups, and learning the ways of PC, freshmen, Hose Leaders, and the like joined in on the fun and games of the ever so anticipated, Field Day. Field Day consisted of a slip and slide, tug of war, and a massive shaving cream attack on the freshmen by their welcoming committee.

After a class picture, in which no one was recognizable due to the sheet of shaving cream, the freshmen traditionally ran to the fountain to clean off and join the PC Family. Orientation 2006 allowed Upperclassmen to meet the new freshmen class and helped all involved make memories that will outlast their PC careers.

LEFT Two freshmen play three-legged races during field day. The hose leaders all played along with their group members just to have some fun themselves

Shuckin' & Shaggin

PC dances the night away.

RIGHT SUB Member, Reese Blackwell, helps to serve the students oysters. Oyster roasts are a common southern favorite.

BELOW The pond was surrounded by luminary bags. There were also other decorations, all to set the mood for the night. People could hear the Motown music filling the air as they walked along the well-lit pond.

BELOW Two students enjoy the night by shagging on the dance floor. Shagging was a huge part of southern tradition, especially at PC.

ABOVE Freshmen, Stevens Walker, Elizabeth Styron, and Brett Keefer enjoy their first event as PC student. The event was a great way to meet all the new students.

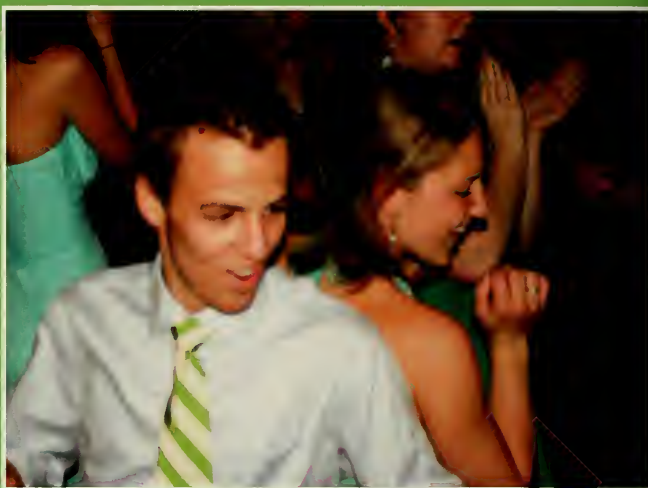

The Student Union Board (SUB) kicked off the year by sponsoring Shuckin' and Shaggin', a back to school oyster roast and dance. SUB started planning the event over the summer. Shuckin' and Shaggin' was their first big event of the year. Students and faculty approached the event along the sidewalk lined with glowing luminaries as they arrived at the pond. Dressed in sundresses and seersucker, everyone shagged the night away to the live music of a Motown band called The Flashbacks. The actual dance floor was not planned until the last minute. The day of the event, a few SUB members insisted they had the dance floor, and picked it up from Spartanburg. For those needing a break, there were tables set up around the dance floor. In addition to the dancing and socializing, people crowded around the tables of food that offered oysters, shrimp, and a few other light refreshments. SUB member Parker Moore enjoyed planning the dance "because it was one of the first events this year to bring the whole school together, and everyone seemed to have a great time."

1. Runner-up Taryn Taylor receives roses from Dr. Griffith. 2. A few girls are having fun dancing at the Homecoming Dance. 3. Ashley Hutto is escorted onto the field by David Overton. 4. Katie Stinette, Lockey Powers, and Lee Ann Foster are having a great time at the dance.

RIGHT Two students dance the night away at the Homecoming Dance. This year was the first annual semi-formal dance held the night before Homecoming.

BELOW Cameron Thain is escorted by her father onto the football field. Cameron was in the homecoming court representing her sorority, Alpha Delta Pi.

ABOVE A group of sophomore girls are having a blast dancing along with the band. The Homecoming Dance proved to be a success and a great way to have fun with friends.

Homecoming for seniors is "a bittersweet thing because we have the opportunity to see old friends, but we realize that next year we'll be coming back as alumni!" -Daniel Teska

Homecoming

Students enjoy the homecoming festivities.

The most venerable tradition of the PC year is Homecoming - Alumni weekend, a time that brings together both young and old who share a loyalty to the place that helped them bridge the gap between adolescence and adulthood. Homecoming 2006 took place in early October, and the campus was decked out in fall splendor to welcome old friends back to their alma mater. Homecoming is also a time for celebrating notable accomplishments of the present and former college community. Included in this celebration of achievements were the dedication of the renovations and new additions of the James H. Thomason Library and the recognition of the outstanding contributions of PC alumni during the Alumni Association's annual awards program. Students like sophomore Mary Beth Carlson, who said she "enjoyed dressing up in formal clothes" because she doesn't get to do it often, had fun hanging out with friends at the semi-formal. Among other organized Homecoming festivities were a golf tournament, Evening Under the Oaks with entertainment provided by the PC wind and jazz ensembles, an ROTC Fun Run, tailgating for alumni, and the football game.

course, the weekend was also packed with reunions and reminiscing. Although every day is like a "homecoming" for Dr. Howell, PC professor of Business Administration and member of the Class of 1974, the special time of year designated as Homecoming especially reminds him "of the history and significant influence of PC on individuals and the 'outside world' and how fortunate [he has] been in [his] life and career to have PC as a significant part of it." Student activities during the weekend included ultimate Frisbee, powderpuff football, a picnic, and music.

LEFT Ali Douglass rides around the field after being crowned Homecoming Queen 2006. Ali represented Emerging Churches for the Homecoming court.

With family and friends, what could get better?

Students knew that it was almost time for parents to arrive when they heard the roar of lawn mowers and that country music playing from the landscaper's "Gator". They knew that they were making the campus especially beautiful in preparation for the exciting weekend that laid ahead. The school organized many events to help include the 450 to 500 parents that attended the weekend's activities. Parents came from many places including as far north as Canada and as far south as Florida. The local hotels got booked months in advance due to the overwhelming amount of parents and families attending.

Events started Friday night, October 27th, with Dinner under the Oaks. This dinner event offered a chance for the parents to socialize with other parents. There was also a band, The Dick Goodwin Big Band, and improv at Inklings later on that night. Saturday officially marked the beginning of Parent's Weekend with a breakfast, registration, and a welcome by President Dr. John Griffith. After the official welcome in Belk Auditorium, parents were invited to meet the professors that taught their children. This faculty fair was an immense event with parents roaming the library's three floors to find the professors they were looking for. After the morning's events the parents were welcome to enjoy a cookout lunch located at the New Bailey Stadium and then attend the football game versus Carson-Newman. Parent's Weekend concluded with yet another improv at Inklings and a worship service in Edmunds on Sunday morning. Parent's Weekend was a happy time around the PC campus. The professors along with the students took great pride in the campus and made sure the parents had an enjoyable weekend.

RIGHT Parents and families of students sit around the tables located on the West Plaza and enjoy their meals, while being entertained by PC's Jazz band.

Parent's Weekend

LEFT Survivors and supporters of breast cancer walk the track during half time. The "Pink Out" was hosted by Zeta Tau Alpha and SVS to honor the survivors.

BELOW Junior, Wilson Davis, fills his plate with delicious food at the Dinner under the Oaks. Dinner was catered by Sticky Fingers for those who attended.

ABOVE FC's Pep Band plays a song to get the crowd, filled with parents, into the game versus Carson-Newman. The Pep Band played at all home games to help keep the crowd into the game.

"The thing I love most about that weekend is being introduced to someone's parents and saying 'oh, go figure.'"
-Rich Porter

1. Zeta sisters get excited as another new member runs down the stairs. 2. Sigma ladies chant as they await their next new member: 3. Lindsey Sink and Anna Mills are very happy to see the new members. 4. The ADPi sisters and new members sing as they receive another Alpha.

RIGHT The ADPi's do a chant together as they await the return of their Pi Chi's. It was great for the girls to get to reveal what sorority they were in.

BELOW Kelly McDavid is ecstatic to see Karae Kuefer run ADPi's way. She knew that Karae would be her little sister. Kelly was surley looking forward to some great times.

"It's nerve-wracking, then so exciting! You have all of this built up energy and nervousness, then you get to let it all out and have a blast!" -Callie Price

ABOVE Sigma's are very excited as a new member runs down the steps of Neville towards them. They loved to celebrate the great additions to their sisterhood.

Sorority Bid Day

Christmas day for sorority girls

Sorority Bid Day took place at Neville Hall on October 22 this year. The three sororities on campus invited a number of girls to become members of their chapter. The selected girls received a bid from a sorority and then ran down the steps into the arms of their new sisters. After all the girls had run down the steps, the sisters and new members spent the day together playing games and learning new things about each other. Alpha Delta Pi, Sigma Sigma Sigma, and Zeta Tau Alpha welcomed many new girls to their respective chapters this past year.

The new members didn't see all of the work and anticipation that went into hopefully receiving them as new members. The sororities meet lots of times during the fall to plan and prepare for the week of recruitment. The sororities host three nights of formal recruitment for the girls to attend. Between the decisions of the sororities and the girls going through recruitment girls are given bids that Saturday morning. For a girl there are few things more exciting than receiving the bid to the sorority she liked best and then running out of Neville to be greeted so amazingly by their new sisters.

To make sure that the girls going through recruitment have some unbiased help some sisters from each sorority disaffiliate each fall until the end of recruitment. These Pi Chis helped the girls with any questions they had.

LEFT Kathryn Kleckley sits on top of her sister's shoulders to welcome home the Pi Chis. The new members were anxious to see which Pi Chis were their fellow sisters, and their sisters were especially glad to see their best friends return to the sisterhood.

Fraternity Bid Day

Fraternities welcome their new members.

Fraternity Bid Day is an exciting day for the whole campus. Not only is it a special event for the fraternities and the new members they accept, but many other students anticipate the excitement of guy's bid day.

Each fraternity takes a turn introducing the new members of the fraternity by running down the steps of Neville to their potential fraternity brothers. All the fraternities take a certain pride in their introduction of the new members. Pi Kappa Alpha new members run down the stairs of Neville in women's dresses before they load onto the trailer and go to their fraternity house. The Filks would not complete their accept day tradition without the brothers painted in black and white. Theta Chi Fraternity takes a moment to look out on the crowd before running down the Neville steps, tearing off white tee shirts to reveal the Theta Chi bid day shirt. Kappa Alpha Order walked down the stairs in suits to line up

at the bottom of the stairs as the freshman class of KA. In the excitement of the afternoon, the Sigma Nu freshmen run down the stairs and straight into a large group of Sigma Nu boys. Pi Kappa Phi also walks down the stairs in suits and run to their fraternity in sophisticated fun. Hunter Murphy, a freshman Pi Kapp remembers that "the thrill and excitement of the pledge class and brothers was indescribable" Girls and boys celebrate before and after the Neville extravaganza. At Neville, the girls line up to watch their favorite boys run to their favorite fraternities and load up on trailers to return to the fraternity houses. And above all, the night of Guys bid day is not one to be missed, as Fraternity Court is filled with bands of all kinds!

RIGHT Kappa Alpha Order raises the flag after their new members run down the steps of Neville.

1. Sigma Nu girls stand on the sidelines ready to cheer for the new and old boys. 2. Pike chants as they wait for the revealing of their new pledge class.

LEFT Alpha Sigma Phi enters the boys bid day scene ready to accept their new freshman members.

BELOW Pike has a tradition of having their new pledges run down the steps of Neville in dresses.

ABOVE Theta Chi Fraternity prepares to welcome their new pledge class.

"It was so exciting to go with all my sorority sisters to watch the freshman boys join their fraternities." -Kate Morgan

1. The contestants for Big Man on Campus line up during the final judging. 2. Three Pi Kappa Alphas get together during the Greek Games. 3. Bubba Rentz goof's around before Big Man on Campus with a contestant. 4. The group gets ready to watch Big Man on Campus.

RIGHT A group gathers at Pi Kappa Phi during the Greek Games. Each fraternity house held a game for the campus to participate in.

BELOW Teri Cugliari and Noel Will help with the Greek Awards Banquet. This honored not only fraternities and sororities as a whole but also individual greeks.

"With Panhellenic's successful intra-sorority philanthropy it proved to me that PC's Greek life is a success and does a lot of good on this campus!" -Ashley McCollum

ABOVE A group of greeks gather at fraternity court to get ready for the Greek Games. It took a lot of hard work by Panhellenic and the IPC, but in the end the fun was definitely worth it.

Greek Week

Greeks get together to have some fun.

Greek Week is a week for Presbyterian College's sororities and fraternities to inform people about their philanthropies and to have fun as a Greek organization. This week takes place in the spring semester and is full of events put on by each individual sorority or fraternity. The week starts with the individual events and there are Greek games at the end of the week. Zeta Tau Alpha's event is Big Man on Campus which is to promote awareness of Breast Cancer and all funds go towards their philanthropy. Alpha Delta Pi's event is their annual PC Open Golf Tournament in which members of the PC community sign up to be on golf teams and all proceeds go towards their philanthropy, The Ronald McDonald House. The Greek Games are held at fraternity court and all fraternities participate in various events. On Thursday evening there was a Greek Week cookout. The Slang Jangles played at this event. On Monday of the following week, each Greek organization displayed a board in Springs Campus Center promoting their philanthropy. Also on Monday, the Greek Awards Banquet was held. At the banquet awards were given to Greek Organizations for various things, including awards for accumulated GPAs. Panhellenic promoted a philanthropy representing the three sororities. They educated the campus about HPV awareness throughout Greek Week. Greek Week is a time for fellow Greeks to come together and promote their philanthropies for the good of the community and while doing so to have fun together as a Greek community.

LEFT Spencer Hardey plays his guitar during Big Man on Campus. Each organization had a representative in the event.

Accepted Student's Day

Next year's freshmen get a taste of PC.

Accepted Students Day is a time for those who have received the wonderful letter in the mail telling them they are accepted to come to Presbyterian College as a new student and experience the college life. Students arrive on campus early Saturday morning and attend the Opening Speech given by President Dr. John Griffith and other members of the PC community. Then the new student groups will take them to a certain spot on campus and talk with the students and get to know them better. These groups are led by Stirlings which are a part of PC's community. Stirlings led campus tours and helped with Accepted Students Day. They answered any questions perspective students had and then probably ask each student a question or two to help them meet the others in the group. Then the parents and students get to eat a meal at Greenville Dining Hall. parents and students get a chance to meet

professors and current students to get a feel for the PC community. Those students who are recipients of awards are invited to New Bailey Stadium for a special ceremony to award them their scholarships. There are many events that normally take place throughout the day that students and their parents can attend. Sporting events are going on and students are encouraged to visit. This is the first real visit for the students as a "new PC student" and Presbyterian College wants them to feel welcome and to be ready to embrace their next four years at this institution.

RIGHT A perspective student learns more about the activities he could be involved in if he chooses to go to Presbyterian College.

Hollis Chapell talks to a perspective student about SGA. 2. The Music Department met with many students and parents to answer any questions. 3. Miriam Ragland discusses the theater and arts department with a perspective student.

LEFT Dr. Rains discusses the Physics and Computer Science department with a student during a visitation day. This was a chance for new students to discover their interests.

RIGHT Jessica Blount talks to students and parents about any questions they may have. Working in the admissions office was a great way to meet the new students.

BELOW Beau Seagraves explains freshmen housing policies to the students and parents. This helped everyone to feel more at ease when deciding which dorm they wanted to live in.

"Accepted Student's Day is a great opportunity for prospective students to see FC from a student's perspective. This day has proven to be a great tool for helping these high school seniors make their final decision regarding FC." -Bacca Owens

1. Parker Moore and Reese Blackwell help some girls play one of the casino games.
2. Vegas Night refreshments were a hit with everyone.
3. Cody Whetsel enjoys his time at Vegas Night.
4. A group of students wait to see if they won the horse races.

RIGHT Students were able to play all sorts of games that were similar to what could be played in Las Vegas. Everyone crowded around the table to test their luck.

BELOW Patrick Shaw and Ashleigh Quattlebaum wait to see if they have chosen the right horse for the race. Students could win prizes such as iPods and gift certificates.

"Vegas Night was a lot of fun this year and I had a good time playing all the different games, even though my luck was not so great." -Katie Stinnette

ABOVE All the girls wait as the prizes are distributed at the end of the night. The more games they played the more likely they were going to win a prize.

Vegas Night

Las Vegas comes to PC for a night of fun.

On Friday, the ninth of February, the doors of Springs opened into PC's very own Las Vegas Casino. Student Union Board Member, Parker Ann Baxely commented on the efforts of SUB and the outcome after the successful evening, "We worked really hard to make Vegas Night fun for the whole campus. Its great to see everyone dressed up and having fun as a student body and not as one particular organization." The Student Union Board had vigorously prepared games of black jack, Texas hold 'em, slot machines, horse races, and more to create an exciting Vegas atmosphere for all. Chocolate covered and regular donuts were elegantly provided for the students, as well as assorted nuts. Upon arrival, PC students received ten thousand dollars to play the various games. They either had the choice of playing the games or redeeming the money for two tickets. Once money was collected, everyone cashed their money for an exchange of tickets. Each student wrote their name on the back of the tickets and threw the tickets into a giant red bucket. At the end of the night, tickets were randomly pulled out of the bucket and prizes were awarded to the student whose name

was on the back of the ticket. The prizes grew in value beginning with gift certificates to shops and restaurants around Clinton to i-pods and a digital camera. Sophomore, Liz Collier, commented, "Vegas night was a great time to hang out with everyone outside of class, just being dressed up, kicking back together, and winning prizes." Whether the students left with a prize or not, they all enjoyed the hospitality and excited of Springs during Student Union Board's Vegas Night!

LEFT Meredith Sawyer and Stevens Walker play the slot machines. The slots were an easy game to play and didn't take too much skill.

Commencement

PC says goodbye to the Class of 2007

RIGHT Val Alessandrini waits patiently during the commencement ceremonies for her name to be called. Due to rain, graduation was held in Templeton.

BELOW Kathryn Bryant passes Dr. Griffith after she receives her diploma. Kathryn was the 2007 Presbyterian College Senior of the Year.

1. Mark Logan receives his diploma. Mark served as Student Body President his junior year.
2. Whitney Harrison is pleased to receive her diploma. Whitney was the Senior Class President.
3. The seniors participate in their commencement ceremony, excited, yet sad to be leaving.

LEFT The Seniors gather outside of Belk Auditorium before the Bachelariate Service starts. This is a service for the graduates and their families the night before graduation.

RIGHT The 2007 Senior gave the Alumni Bell as their class gift. The bell will now be rung every time a group of PC alumni come onto campus.

ABOVE Seniors listen intently as their fellow classmate gives a speech. Speeches were given by the 2007 Senior of the Year and the 2007 Professor of the Year.

"I was really excited to finally graduate after all the hard work I had put in, though it was sad to leave PC." *Alma Cagle III*

Sports

*"What counts in sports is not the victory,
but the magnificence of the struggle."
-Joe Paterno*

BELOW: As a linebacker, Antwan Thomas was always ready for the opponents next move. Running backs feared his presence on every third and short.

ABOVE: Lineman Joey Orck and receiver Ralph Wulah await their chance to get a piece of the action.

ABOVE: Holding fast to PC spirit and tradition, the Blue Hose are lead out to battle by the brave mascot. The crowd always loved this start to every game. **ABOVE RIGHT:** The defense could not held back, even by opponent's hardest blocking efforts. Strong will and determination are skills developed by the GATA fraternity.

ABOVE: Mitchell Anthony stands his ground against rushing defenders as he protects his quarterback. A solid offensive line was key in allowing the plays to develop.

People

*"Twenty years from now you will be more
dissapointed by the things that you didn't
do than by the things you did do."*

-Mark Twain

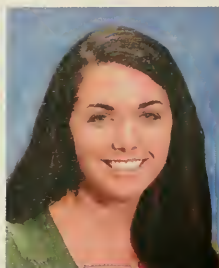

Class of 2007

Seniors

Dear Fellow Blue Hose,

I can proudly say that our years here at Presbyterian College have been some of the most exciting and important years in the life of PC. We have experienced many dramatic changes such as the construction of the new Science building, the addition and renovation to Thompson library, the explosion of bronze statues on campus, the grand opening of the Depot, and the creation of an outdoor chapel. We have also been privileged to witness the last Bronze Derby competition as we have moved to Division I AA athletics, the establishment of a Lacrosse program, the recognition of two additional South Carolina Professors of the Year, and a new partnership with Guizhou University in China. PC is growing and improving, and as a result, we have received a first class liberal arts education. When we return here with our children in ten or twenty years, we can brag that we were here when the incredible changes began.

Yet while PC has made significant changes, it has remained true to its Presbyterian Heritage and continued to offer the strong sense of community for which it is loved. We will always cherish the lessons we learned on the front steps of Neville, the exam study breaks in GDH, the victories we watched on the fields and courts, and the friendships we made in the dorms and at the houses. Our memories of Freshmen Orientation, Spring Break, and Winter Conference will always hold a special place in our hearts. We have found our best friends, our mentors, our partners in crime, and even the love of our life on this beautiful campus. Never forget the laughter and tears you shared at PC.

As we go out into the world to pursue our dreams, we will always be bound by a special love for this place. Presbyterian College has nurtured us all into intelligent leaders and compassionate servants with a true understanding of the world around us. I feel confident that after we leave the comforts of "the bubble" we will continue striving to live out the College's motto, *Dum Vivimus Servimus*. As my father always says, "Never forget where you came from." As you continue your life beyond the ivy-covered walls, never forget to return home to PC. May life's finest blessings come our way.

In the Spirit of PC,
Brittany Jene Flowe
Student Body President

Laura Amick
Jonathan Anderson
Gail Atkinson

Your Senior Government

Class of 2007,

What a long, strange trip it's been, the chance won't come again. Do you remember when we first met? I sure do. It was sometime in early September. We were merely freshmen excited to see what PC would hold for us. Today, our class stands proud and strong with 4 of the most amazing individuals. Each of us has made our own mark on campus while adding not only ourselves, but life long friends along the way. Looking back, the craziest thing of all, four years in an MMMBop they're gone.

In the years gone by, and in the good times that we've had I know that it's the people that have made all the difference. It started out with "Howdy Hose", but thanks to snows that lasted 3 days long, study breaks in GDH, class sponsored "Poker Night", Seniorpalooza, El Jal Night at the Griffith's, late nights at the frat court, and so much more we became friends who are one of a kind.

From praying that the six o'clock alarm would never ring to the nights we felt alive, we shared it together. We learned that some days you gotta dance and that you have to fight for your right to party. All my best memories come back clearly to a small town, where the T in Clinton is sweet and silent.

Times, they are a-changin', don't you dare close your eyes. Don't stop believing, the best is yet to come. There's no need to hurry, listen to the rhythm of your heart. We know as we depart PC, one day our generation will rule the population, and thanks to our time here we'll make heaven a place on earth.

It has been a true honor and pleasure to serve our class beside Katherine Bryant, Seiga Disasa, Ashley Hutto and Kathryn Gregory in this past year. I would also like to extend a special thanks to all others who have served in PCA over the past four years: Daniell Tincher, Kelly Byers, Jacquelyn Gypin, Sarah Gardner, Mark Logan, Brittany Lowe, Matt Reese, Anna Stevenson, Mike Watson, Meredith Waldrep, and Chris Jones. In this world we're just beginning, I hope your friends are many and your laughter's always loud. Congratulations Class of 2007!

Warm wishes,
Whitney Harrison

The little things at PC

-Blake Whitney

"I love PC because it is a place that no matter where you are from, it makes you feel at home with the kind, compassionate faculty and the wonderful student body."

-Bridget Marshall

"I love PC because of how southern it is and how friendly and awesome all of the people are. I really did fall in love with it because of how welcoming it is."

-Locke Powers

"The little things at PC are the late nights studying, ritual tv shows with your friends, waving to everyone on your way to class, and just being there for friends and knowing that they would do the same for you."

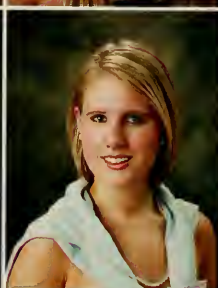

-Boone Walker

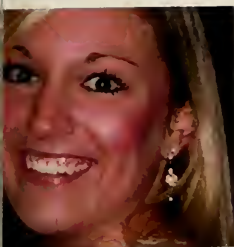

"I love PC because it combines a great atmosphere for learning and creativity and a fun greek life, athletic programs, and an abundance of intramurals."

Jessica Flanagan

Studying Abroad

-Hannah Brearley
"Studying abroad in Florence was one of the most self-filling and fun things I have ever done! I will never forget my time over there. The people, food, and quality of life are just

amazing! I learned a lot about myself while having the time of my life!"

-Jacquely Gypin
"When I studied abroad in Rome, Italy, every day was an adventure. From the simplest things like standing on my porch, watching Italian life below me, to sneaking into St. Peter's Square at three in the morning, to trips to Torino for the 2006 Winter Olympics; everything was exciting. I lived down the street from the Vatican (the Pope blessed me!), had class in the Colosseum, and spent Spring Break in the Greek Isles. It's really difficult to describe the amazingsness that came with living in another country; but if I had to say anything about it, it would be that I am ready to go back!"

Ben O'Dell
Joey Orck
Thad Palmer
Richard Parmer

Richard Porter
Mark Potter
Nate Price
Chad Propst

Tina DeYoe
 "This picture was taken while I was studying on the border of the United States and Mexico with the Borderlinks program. These are some of my fellow Borderlinks group

members and we all have signs in our hands because we are about to participate in one of the protests against the anti-immigration laws, which were happening in cities all over the country in Spring 2006. One sign states that humanitarian aid to migrants, who are trying to cross the border in the desert and may be dying in this desert unnecessarily, is never a crime. Another sign is against the border wall because it creates divisions between cultures and the other sign that I am holding up, states the issue of deportation of migrants from our country, which is what the government was trying to pass and why there were protests happening all over

Will Barnett
 "Some of the streets of Prague are very modern but others are not. We walked from where we lived past Hradcany down to Mala Strana. Our path began in the 50's at our dorm building, and we moved through the middle ages as we walked down these stairs. At the bottom of the stairs, the present collides with ages long gone in trendy jazz bars and antique tourist shops."

the USA. This experience on the border has really made me aware of global issues and the oppression that takes place all over the world!"

Maymester

-Mandy Judd "In China, we went to Beijing, Xian, Guiyang, and Hong Kong. I got to experience the Chinese culture first hand, which was amazing. It helped me understand other cultures and accept their differences. My favorite place to visit was Beijing because of all the historical sights. To see the British influence still in effect today was unique. This experience is something that I will remember and treasure long after I graduate."

-Lucy Christenberry "Maymester allowed for our group to explore the differences of Moroccan and American culture together. We had the opportunity to experience the Muslim world first hand and visit a number of historical sites. While it raised my awareness of Islam and the third world, it also increased my appreciation for home."

-Anna Wilson "Going on the Oxford Maymester was one of the best experiences of my life. Through this opportunity I was able to see a different part of the world and was able to form close relationships with people from PC. All in all the Oxford Maymester was a great time and it gave me a better understanding of different cultures and places."

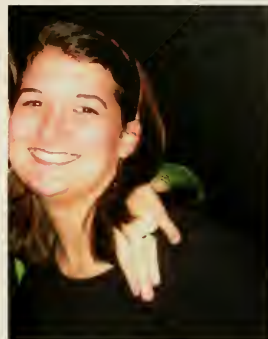

Stephen Roland
Amanda Rossie
Rebecca Sansbury
Ashlee Saunders

Sarah Seegars
Suzanne Seibert
Marianne Shaddrix
Renee Sherrin

-Claire George "The first thing I said when I landed home in America was, "I want to go back." In China, I learned to speak a few conversational phrases in Mandarin and Cantonese and to eat food without knowing what it was (using chopsticks). I learned about Asian hospitality when we visited our sister college at Guizhou University. I learned about Chairman Mao in class before we traveled, and I saw his influence on the country. I learned more in the few weeks in China than I could have ever imagined learning in a classroom."

-Jenny-Gray Childs "I went on the Oxford trip in July. It was the best two weeks of my life! I got to travel the UK with my best friends and favorite professors! I learned a lot about other parts of the world while having the time of my life! We saw everything from the oldest castles to the oldest pubs."

-Lindsey Evans "China proved to be one of the most inspirational experiences of my life. Besides learning about a completely new culture, I gained an appreciation for different art, history and religion. The Great Wall was my favorite experience. When you actually stand on this huge structure that you've heard so much about, you feel a connection to the past. It was a truly moving and spiritual experience."

Anna Stevenson

Senior Seminar

-Kathryn Gregory

"I did my senior seminar on the physiological effects of stress on migraine. I have had migraines since my freshman year at PC, and my doctor thinks that they are caused by stress. I figured that if I had to spend a lot of time doing research on a topic it may as well be something I really wanted to learn about. I found out through many different research articles that stress can certainly bring about a migraine attack. Seminar was a lot of work, but it was definitely worth it. I enjoyed learning so much about migraines, maybe I can stop having them one day if I avoid stress."

-Catherine Burch

"I did my Honors Research Project on the abstract algebra behind cryptosystems. It was very interesting to research and be able to present on this topic."

Ansley Stewart
Rachel Strunk
George Sullivan
Taryn Taylor

Leighton Tesche
Daniel Teska
Cameron Thain
Katie Thomas

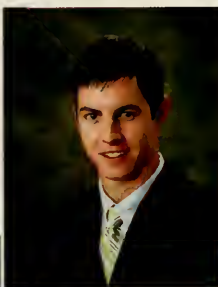

-Alyssa Tober

"When I was trying to decide on a topic for my senior seminar I wanted something that was applicable to my everyday life and interesting. I chose to test the toxicity of artificial sweeteners. Overall, it was a very long, intense process, but it was rewarding at the end because of the information I learned. It was a good experience to get acquainted with research and how to present information in front of your peers."

-Juliana Antonelli

"I presented on Annie Besant, a leader in India's Independence Movement. The title of my presentation was "Annie Besant: Spiritual Mother of India." Besant followed the religion of Theosophy. Many theosophical principles, such as unity among all religions and races, were evident in her plans for the realization of Independence in India."

Class of 2008

Juniors

Junior Class Government

Well, we have made it through what most would consider the most difficult year of college, the junior year. With many of us taking our major's most difficult courses, I'm sure that this year's end comes with excitement to all of us. Though we have gone through three years and they seem to have flown by, I am confident that they have not left you unchanged. The memories that we can share with each other about staying up all night cramming for a test, or maybe just staying up to watch a movie with some close friends, will last us a life time. If there are memories you have yet to make, don't fret, there's always next

year; and if you don't quite fulfill all of your dreams then, you can always come back for a fifth year. I look forward to seeing all of you next year as we will stand out among the crowd as seniors on the campus.

Sophomores

Dear Sophomores,

What a year!! They say that Sophomore year is the "slump", well I think we had a great year. We came back from a long and hard working summer to be reunited with our closest friends. We began the year assisting with Orientation as we were the largest class with H.O.S.E. Leaders. We were there to nurture the incoming freshman, just like we were that short year before. From Student Union Board, Greek Life, and Student Government Association, our class was involved in all aspects of life at Presbyterian College. We were leaders. What would the school do without us?

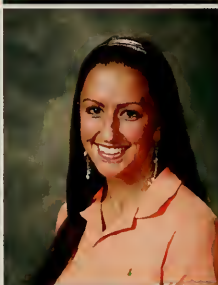

Our class was probably the most energetic and fun PC had ever seen! We sure loved to have fun! It is weird to think that almost two years ago we were packing our bags, saying our goodbyes, and preparing to leave our homes and travel to the unfamiliar world that is Presbyterian College. Now, two years later we were preparing to pack our bags, say our goodbyes, and go back to where we were born and raised. PC is home now. In three long months we will be back home ready to stay up until four just talking and late night trips to Waffle House or McDonalds. Some of us may not be here, some of us may not be the same, but the point is, we love each other. Thank you so much for a great year!

Senate Meetings

-Whitney Harrison

"Senate serves a great opportunity to bring a diverse group of students together to work towards the same goals and to raise awareness to issues facing our student body."

-Mark Logan

"Senate is the sounding board for all student voice, so issues move as quickly as students mobilize and express their concerns... It's been very efficient this year."

-Weston Nunn

"It's very important for ordinary PC students to attend Senate meetings so that they can be made aware of occurrences on campus that affect them."

-Sally Pyles

"Senate is important because it keeps lines open between students and Administration. It also allows students to make decisions that directly effect their lives here at PC."

Weird and Unusual Jobs

-Chad Propst

"While my dad was in Vietnam, I worked the rice fields for six years."

-Meredith Sawyer

"I had a job in a Columbia, SC pet store one time. My job was to feed the hermit crabs each day."

-Lucy Christenberry

"I worked at a night club in Myrtle Beach one summer. My job was to sit in a hot tub dressed as a mermaid just outside of the door. We had sort of an exotic theme."

-Anday Halperin

"I worked for Tony Hawk this summer on his Boom Hawk Jam Tour. We went on tour around the country; it was a skate and music tour...it was a lot of fun."

Well-Rounded People

-Caroline Hopkins

"I really enjoy doing a lot of different things in order to meet a lot of different people. Being in my sorority I have been able to do a lot of things like that, but I also enjoy doing Service Projects within the town of Clinton and meeting people when I go to do normal things like work out at the YMCA or go to church. There are always new faces to see and I really like meeting new students and being involved in so many things on campus. The best part about PC is that we have so many different people and so many different opportunities that it is just great!"

-Gene Walpole

"I think the quality of your experience at PC is greatly determined by how willing you are to get involved. You can do as much or as little with your four years as you want. I think being involved in various activities on campus and within the community have definitely contributed to the overall positive experience that I've had at PC."

-Wilson Davis

"I have learned the importance of living the PC spirit by being involved in activities such as the Honor Council, being a Resident Assistant in the dorms, and being involved in the Greek system."

-Kathryn Gregory

"I have always loved being busy and involved in everything PC has so many wonderful opportunities to be active on campus. Cheerleading and cross country have allowed me to participate in athletics. FCA and other religious organizations have provided spiritual opportunities. Many academic clubs such as SKA, ODK, and Tri-Beta have been very fun. Being a member and officer of Zeta Tau Alpha has let me experience how wonderful Greek life can be, and working for Residence Life was certainly a treat. I feel like I have taken full advantage of the activities offered by PC. My wide range of interests has allowed me to develop relationships with many wonderful people! It has helped me become who I am today!"

Yssa Tober

has so much to offer that I think it is hard to be well-rounded. I have enjoyed getting chance to experience different aspects of PC in cheering on the cheerleading squad, holding offices in Alpha Delta Pi, and other clubs within my major; biology. I love keeping busy and being involved. You can't really appreciate and experience PC without getting involved and actively participating!"

hley McCollum

teaches us to be well-rounded from day one. Admissions accepts students who are highly involved, orientation teaches the importance of a liberal arts education and an honor system, and freshman year teaches us how to make mistakes and out of the classroom. From being an RA, a RA, and Student Body Secretary, I have learned that being involved is not the problem, perhaps, it's simply we are too well-rounded at Presbyterian."

-Dane Callahan

"I am interested in backpacking, soccer, sports, triathlons, and poker. My activities are intramural sports, Habitat for Humanity coordinator; coaching soccer; Theta Chi Fraternity and I hope to attend graduate school to earn a degree in school counseling."

-Berkley Aiken

"I love being involved in things and it has opened up so many opportunities for me just in the past year--so I am really looking forward to where they will all lead me in the future. I'm involved in Women's Lacrosse (Captain), Alpha Delta Pi Sorority, Resident Assistant, Student Union Board, Spirit Co-Chair of the Student Athlete Advisory Committee, Residence Life Committee Chair, 2006 HoOSE Leader, Student Life Committee, Dean's List. My motto is "Work hard, Play hard"--so I just like to get my work done, and then enjoy the things that I love the most--family, friends, and sports."

Freshmen

Freshmen Class Government

This year has been an experience for all of us. It has been exciting, scary, busy, and fun. We have all learned so much this year; whether it be you can't talk on your phone in GDH, that our freshmen seminar classes weren't all easy A's, or not to go out on Thursday night because you will go to class on Friday, but I'm confident when I say I'm sure you enjoyed your freshmen experience as much as I have. We have three more years at this incredible school that we can do anything with. I say let's make the best of them, let's work together as a class and pull our class together to make the rest of our college experience the best years of our lives. In the words of Dave Matthews: "life is short but sweet for certain" so, let's have fun,

successful, and take this school by storm, while keeping in mind rule number 76," No excuses, play like a champion!"

Professor's Favorite Books

-Dr. Suzie Smith
 "If I had to name a book written in the last millennium, I'd choose Stephen Covey's *The 7 Habits of Highly Effective People*. If I had read it 20 years earlier, I might have lived a different life. It is rich with profound ways of looking at situations, and yet the author illustrates them in very practical ways. Though it is often considered a business book, anybody can benefit from becoming more effective in their personal and professional life."

-Dr. Jerry Slice
 "One of my favorite books is *Capitalism and Freedom* by Milton Friedman. Although it was written in 1962, it seems even more relevant today. His concept of freedom is reminiscent of the concept our founding fathers had."

-Dr. Karen Ross
 "One of my favorite authors is Italian chemist and holocaust survivor, Primo Levi. I have read and reread his *Drowned and the Saved* and *The Mirror Maker* several times. I love his style and the clarity of his prose."

Caroline Hopkins
 Carmen Houston
 Kate Howard
 Matt Howard

Amy Jessee
 Jake Johnson
 Lauren Johnson
 Karee Keefer

-Dr. Debra Lee
 "My favorite books are two books but with similar themes: *Oh The Places You'll Go* and *The Present*. These books always help to remind me to be thankful for today, to set high goals, and to look forward to the future."

-Dr. Justin Brent
 "I'm going to go with Geoffrey Chaucer's *Book of the Duchess*. It made me a lifelong medievalist."

-Dr. Clint Harshaw
 "I don't really have one favorite book -- that would be like asking me who my favorite guitarist is, and one could never do -- but I do enjoy thriller novels by Harlan Coben, Lee Child, Robert B. Parker, and Michael Connelly."

-Dr. Laura Crary
 "Philip Pullman's *His Dark Materials Trilogy* always leaps to mind whenever I am asked about my favorite book. I believe it is because the descriptive writing yields such clear imagery in my imagination."

Student's Favorite Books

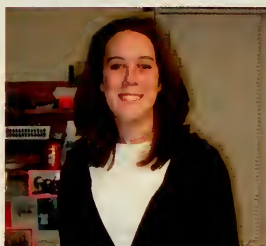

-Liz Boley
"My favorite book is *A Room With a View*, it's an amazing book and it takes place in Florence, Italy which I love."

Trey Boyd
"*Life of Pi* is one of my favorite books. It's a paradigm for a real life - a struggle that enhances faith and an alleyway that shows character."

-Craig Engle
"My favorite book is *Like Water for Chocolate* because it has real life elements."

-Julianne Crew
"My favorite book is *Catcher in the Rye* by J. Salinger. It's a book that can be very meaningful at a certain period in a teenager's life, and I was lucky enough to read it at that time in my life."

Rachel Miller
Emily Monk
Anna Katherine Moore
Andrew Morehead

Sarah Mulhall
Hunter Murphy
Sara Naeseth
Andy Newton

-Kate Morgan
 "My favorite book is *A Bend in the Road* by Nicholas Sparks because it is a sad story with a happy ending!"

-Chris Eckart
 "My favorite book is *The Oath*, by Frank Peretti, because it has everything a good story needs: a mystery, some fantasy, and a Christian theme."

-Matt Christ
 "*The Da Vinci Code* is my favorite because it is one of the most thought provoking books I have ever read and it kept me entertained while working at a pool."

-Jordan Slice
 "*A Million Little Pieces* is my favorite book because it makes you stop and realize that maybe your problems aren't as horrible as they seem."

Organazations

"There is joy in work. There is no happiness except in the realization that we have accomplished something."

-Henry Ford

Alpha Delta Pi

The Sorority, Alpha Delta Pi, remained an active participant in service projects and social life this past year: Twice this year they hosted a fund raiser called "Teeter Totter" to support their philanthropy, The Ronald McDonald House. During this they collected money to send to the Ronald McDonald House. They also collected can tabs all year to donate towards their philanthropy. Something new this year was a project with ADPi and Steamers. A few times during the year Steamers donated a percentage of their profits for a day towards The Ronald McDonald House. Along with their philanthropy, ADPi participated in such service projects as Habitat for Humanity, Race for the Cure, and various projects on campus. This year they also participated in several social events. Mallard Ball, one of the most anticipated parties of the year, was a huge success. They had mixers with several of the fraternities as well as their own Winter Semi-Formal and Black Diamond Formal. Alpha Delta Pi worked hard to continue their success in academics and service as they always have in the past.

ABOVE Noel Wall and Lockey Powers pose in their camo before Mallard Ball. Mallard Ball is always the first big party for the year, so it's highly anticipated.

ABOVE RIGHT The entire chapter stood on the stairs of the courthouse in Newberry during the sisterhood retreat.

RIGHT The girls show who is number one after the win in the Indoor Soccer Intramural Championship. It was intense, but in the last game they were able to win.

LEFT Alpha Delta Pi met at McDonald's to support their philanthropy; the Ronald McDonald House. Several times a year, the girls work to support their philanthropy.

BELOW The sisters of Alpha Delta Pi had many reasons to be excited on sorority bid day. The girls hard work paid off, and then they got to have some fun.

ABOVE Four sisters say cheese at the Panhellenic tailgate. Getting all three sororities together was a great way to promote greek unity.

RIGHT New Tri-Sigma's celebrate their initiation with a quick treat from McDonalds. Getting initiated is one of the most exciting parts of being in a sorority.

LEFT The Sigma Sigma Sigma chapter poses for a group picture at a playroom in Chapel Hill. This was part of their annual trip to the hospital to volunteer:

LEFT Sigmas celebrate their new members on Sorority Bid Day. It was very exciting to everyone to be able to have so many new members.

BELOW Some Sigmas pose for a picture during a dance break at Royal Pearl. The formal was one of their many parties, but was the favorite of most of the sisters.

Sigma Sigma Sigma

Sigma Sigma Sigma was founded nationally in 1898 by eight women determined to link the bond of sisterhood. At Presbyterian College, Sigma was founded in February of 1990. The Sigma's at Presbyterian have taken that bond of sisterhood very seriously. Each month, they try to have at least one sisterhood event where they spend time with one another. They have dinner and a movie and just enjoy each other's fellowship. Their national philanthropy is the Robbie Page Memorial, which supports polio research and play therapy programs in hospitals such as the North Carolina Memorial Hospital in Chapel Hill. They plan one trip a year where they play with the children in the Children's Ward of the hospital. They plan this trip for the spring so that they can go after they receive new members. They also participate in Intramurals, including softball and flag football. In the fall, their big party is the Mafia party where each sister picks a date for another sister. "I absolutely love Mafia party. It is the best party of the year," said Fowler Smith. Bid day, Royal Pearl, and sisterhood events are just a few of many fun times that the Sigma's participate in.

Zeta Tau Alpha

Zeta Tau Alpha was founded at Presbyterian College in 1992 as the Kappa Beta Chapter. Zeta's colors are Turquoise and Gray. The five-pointed crown is their official symbol and the penguin is Kappa Beta's chapter symbol. Zeta Tau Alpha's flower is the white violet and Zeta is also represented by the strawberry. Also in 1992 the Susan G. Komen Breast Cancer Foundation was announced as Zeta's official philanthropy. Zeta strives to provide service to this foundation by passing out breast exam cards, volunteering at various places or cooking meals for breast cancer survivors, and being involved in the annual Race for the Cure. Zetas in the Kappa Beta chapter also help with community service in Clinton and on the Presbyterian College campus. The Kappa Beta Chapter has four main functions a year; Pure Country, Winter Semi-Formal, Draft Party, and Crown Ball. Zeta also has many themed mixers with the fraternities around campus.

ABOVE Vanessa and Samantha Sepulveda show sisterly love while helping raise money and awareness for the Susan G. Komen Foundation.

ABOVE RIGHT Ashley Keiffer and Anne Leighton Coleman hang out together before Christmas party. This was a semi-formal that was held at 120 Musgrove.

RIGHT The Kappa Beta Chapter poses for a picture on their sisterhood retreat in Charleston. Zetas went on an annual retreat so the sisters could bond together.

LEFT Some of the girls get ready for their annual party, Pure Country. This is a very anticipated party during fall semester and is a favorite for many.

BELOW Five girls in the Kappa Beta chapter hold hands and run for Race for the Cure. This run supported the sorority's philanthropy.

BELOW Brothers and friends gather together before a Blue Hose football game. The fraternity loved to tailgate with each other before the football games.

ABOVE Brothers and supporters gather together for a celebration after winning the Spring Intramural Softball Championship.

RIGHT Brothers gather together at the annual Christmas Party. Right before they posed for a picture they sang the traditional "12 Days of Alpha Sig".

LEFT Ben Stein joins the Hawaii Party at the Alpha Sigma Phi House after he gave a talk for a CEP. Alpha Sigma Phi welcomed faculty and community members to their house.

BELOW A few brothers and their dates went to Greenville to eat dinner before their Christmas Party. Some thought this was much better than just eating in Clinton.

Alpha Sigma Phi

Kappa Alpha

Established in 1924, the Beta Pi chapter of the Kappa Alpha Order continues to excel on the grounds of Presbyterian College. In 2006, they received the President's Cup award, which is given to the Best Overall Fraternity. Under the leadership of Chris Jones (President) and Edward Puckett (Vice President), KA exhibits a unique brotherhood of service and loyalty that exemplifies true unity.

The KAs are very dedicated to service and are very involved in their philanthropy. Last year, the Beta Pi chapter raised over \$4000 for Muscular Dystrophy, their national philanthropy. That amount was in the top 10 of the chapters of the Kappa Alpha Order in the nation. This coming year they plan to hold a shamrock sale, a football sale and an alumni golf tournament, among other fundraisers. All of this can be seen through their mission, which says, "Kappa Alpha Order seeks to create a lifetime experience which centers on reverence to God, duty, honor, character, and gentlemanly conduct as inspired by Robert E. Lee, our spiritual founder."

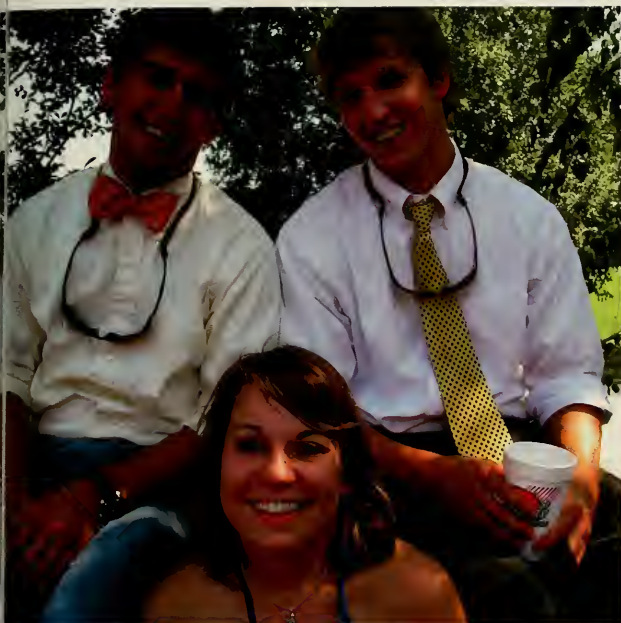

ABOVE Chris Jones and Ben Edwards say a few words before the unveiling of the new KA rose. Each year the rose is a female that sponsors the fraternity.

ABOVE RIGHT Several KAs spend some time cleaning up their house. The fraternity houses require maintenance work that is kept up by the brothers.

RIGHT Two KAs help with some local school work. The brothers try to participate in as much as possible around the community.

LEFT Chris Jones, Wes Paul, and Ansley Stuart hang out on the back porch of KA during a tailgate before one of PCs games.

BELOW A group of KAs hang out at the house before their annual Christmas party. Every year the boys of KA dress up in their finest tuxedos and hold a Christmas party.

ABOVE Everyone gathers in Pi Kappa Alpha's house to hear the band during the Pike Apocalypse Party. The fraternity hosted many band parties throughout the year:

RIGHT A group of Pi Kappa Alpha's and their dates eat dinner before attending the fraternity's Christmas Party.

FT The Pike Brothers gather together before they bid out bids during rush. Fraternity recruitment is a time when the brothers become very close.

LEFT A group of brothers play volleyball during the Hawaiian Party. Fraternities enjoyed holding events and hanging out at their houses.

BELOW Some of the Pike girls gather together before the fraternity holds a smoker. Pi Kappa Alpha had girls wear shirts to promote them during recruitment.

Pi Kappa Alpha

Pi Kappa Alpha was founded nationally in 1868 at the University of Virginia. It is the oldest fraternity at PC and has been here since 1889. Today there are 45 members, and they also had one of the largest pledge classes of 2006 with 20 pledges. Pi Kappa Alpha works with the Bob Waters Foundation by helping raise money and with Alan Smith, who coordinate the Phone-a-Thon to help raise money for the PC fund. Over \$40,000 was raised by Pi Kappa Alpha alone. At this past years homecoming, the brothers dedicated a piece of artwork to Brother Bentley for his efforts in helping to keep alive and improve the football program here through his coaching as well as for contributions and work within the fraternity. For fun, the brothers have parties like the Hawaiian Party, Superheroes Party, and Toga Party. On top of that, each year they have Fireman's Ball in Chimney Rock near Lake Lure; "We all have a lot of fun getting away from school and back to nature; we even have some guys take a swim in the freezing river" says President, Ben von Schweinitz. They also have a beach week in Myrtle Beach before graduation; full of fun and volleyball tournaments. The ever-present icon of Pi Kappa Alpha, their 1977 fire truck, was a donation from some alumni who had it repaired and detailed for the chapter here at PC.

Pi Kappa Phi

Pi Kappa Phi came to the Presbyterian College Campus in 1907. The PC Chapter of Pi Kappa Phi is the Beta Chapter of the Fraternity. Pi Kappa Phi consistently has one of the highest GPAs among the greek organizations. They support PUSH America as their philanthropy. This program supports handicapped individuals and their ability to enjoy the outdoors. Every summer they gather for the Journey of Hope in support of PUSH which travels over 3200 miles in a six week bike trip. "PUSH America is a campaign that gives everyone the opportunity to display their human ability by competing in endurance events and raising funds and awareness for people with disabilities," said Tripp Rush, Pi Kappa Phi's current President. Pi Kappa Phi had twenty-five active members and seventeen associate members. This past year they celebrated their 100th Anniversary. This was marked by a four day celebration in March and a \$15,000 gift to the school grounds. Their moto is "A house, a grip, a badge, a song, an emblem- these do make the fraternity. It is the unseen things- Friendship, Brotherhood, Character; Honor; Courage, Ideals- these make the fraternity and the man."

RIGHT Stephen Clifton, Parker Moore, and Stevens Walker pose for a picture before attending a function. The freshmen bonded very closely with the brothers as soon as they took their bid.

ABOVE The entire fraternity of Pi Kappa Phi gather for a picture on the steps of Neville. Pi Kappa Phi is one of the larger fraternities on campus.

RIGHT A group of brothers stop for a picture during their Mountain Weekend. Fraternity trips were a great escape from campus for a few days.

RIGHT Matt Cogdill, Jonathan Anderson, Mark Owens, and Ashton Elmore hang out during a formal event.

LEFT Tripp Rush and Reese Blackwell hang out on the lake over the summer. Even though many of the brothers live far away, they always find time to meet up.

BELOW A group of Pi Kappas get together before a sorority formal. The fraternity houses were always a great place to meet up before functions.

ABOVE A group of Sigma Nu's get together over the summer to hang out at the beach. They always found time to meet up and have some fun.

RIGHT Brothers enjoy playing games such as their foosball table in their house. The house served as a gathering place for all the brothers to have a good time.

LOW Sarah Cash, Marianne Shaddrix, and Kelsey
tin show their love for Sigma Nu. Each fraternity
girls that visited only their house on the weekends.

BELOW Two brothers hang out at their frater-
nity house. The Sigma Nu house is known
on campus for the most extravagant Christ-
mas lights.

Sigma Nu

LEFT Two PC Sigma
Nu's posed for a picture
while in China. What was
great about fraternities
was no matter where you
are, on or off campus you
always had a friend and
brother:

Theta Chi

The Beta Psi Chapter of Theta Chi Fraternity started on December 5, 1942 with twenty one members. In 1972, the Theta Chi Fraternity house was built at PC where it still exists today. The Beta Psi Chapter adopted Juvenile Diabetes as their philanthropy because two of their brothers, Siega Disasa and Thomas Camp, have recently been diagnosed with Diabetes. All of the proceeds from "Burgers for Blood Sugar," one of their fundraisers, go toward the Juvenile Diabetes Foundation. Not only do they raise money, but they do other service projects such as caroling at the Presbyterian Home each December. The brothers of Theta Chi serve in the campus community by being involved in Bluefish, Campus Outreach, SVS, IFC, SGA, Honor Council, Resnet, HOSE Leaders, ROTC, the Blue Stocking, and of course the Pacsac. In these organizations, they hold positions, such as, SGA Treasurer, Class Representative, as well as the last two IFC presidents. Not only are the brothers active around campus, but they also are involved in athletics such as soccer, golf, and football. With their persistence in campus involvement, the Beta Psi Chapter here at PC continues to grow in leadership, service, and brotherhood.

ABOVE Theta Chi gets ready for their new brothers to run down the steps of Neville. It was extremely exciting for the fraternities in the moments before the pledges were revealed.

ABOVE A few brothers joke around in their pirate outfits before a mixer: Fraternities held mixers with the sororities. The mixers all had different themes that called for elaborate costumes.

LEFT Theta Chi celebrates as they receive their new brothers on Bid Day. This was an exciting day for the brothers and new members and was celebrated by bands all over fraternity court.

ABOVE An SVS student volunteer paints a participants face at the Special Olympics. PC hosts the Special Olympics every year as part of the Student Volunteer Services.

RIGHT Senior, Kelly Byers watches as her Thornwell little brothers play foosball in Springs Center. PC Students play a big role in helping out at Thornwell.

FT Members of the PC Women's Soccer team help hammer nails in the building of the Habitat House. The community helped build a Habitat House as part of \$.

LEFT Sophomore, Caroline Frye learns about typing for bone marrow. Project Life is a big part of SVS. It is an annual event hosted to help with the Bone Marrow Foundation.

BELOW Junior, Keeke Hartis pins a nametag on a Special Olympics participant. SVS volunteers help make Special Olympics run. This allows participants to enjoy their day.

Student Volunteer Services

Student Union Board

The Student Union Board (SUB) once again paved the way so that students could have several unique, fun, and engaging social events throughout the school year. Elizabeth Bagwell, Amy Grove, Tripp Rush, Kyle Kyzer, Reese Blackwell, Parker Moore, Parker Baxley, and Kelsey Dotson all worked really hard to pull off this year's awesome events. Highlights included Shuking and Shaggin', Homecoming, Spring Fling, Vegas Night, and Accepted Students' Day. Each of these events brought something different and relaxing to ease the tension caused by endless tests and projects. Homecoming Court was especially memorable with sophomore Ali Douglas being crowned Homecoming Queen! Vegas Night was another good opportunity to have fun with friends. As the saying goes, "What happens in Vegas stays in Vegas". Overall this year's events will definitely be remembered for years to come as a time when life was great and we all just had a really good time.

ABOVE Tripp Rush relaxes at the Student Union Board lake retreat this past July. The SUB workers took time to plan events for the upcoming school year.

ABOVE RIGHT The set up for the Homecoming Dance 2006 "Sweet Dreams are made of this...PC" turned out wonderfully.

RIGHT A group picture of Tripp Rush, Reese Blackwell, Parker Moore, Kyle Kyzer, Kelsy Dotson, Elizabeth Bagwell, and Amy Grove at the lake retreat.

LEFT Members of SUB at Shuckin' and Shaggin': from left to right, Kyle Kzyer, Sarah Cash, Dana Becker, Parker Moore, Parker Ann Baxley, Tripp Rush, Amy Grove, Robyn Sanderson, Elizabeth Bagwell, and Reese Blackwell.

RIGHT Whitney Harrison works to get the Senior Class Gift in place. It was a bell to recognize when alumni were on campus. This was headed up through SGA.

RIGHT Students enjoy the Homecoming Dance that was put on by SGA.

LOW 2006-2007 Student Government Executive
Council Brittany Flowe, Hollis Chappell, Ashley McCol-
lin, Jason Riddlehoover, and Chris Jones.

Student Government

ABOVE David Lindsey relaxes while getting ready for a meeting. As the school chaplain, Lindsey worked with all of the religious groups on campus.

LEFT PC Students gather together at a retreat. The weekend retreats gave students a chance to get off campus and relax while enjoying Christian fellowship.

LEFT Jacky Gypin and Kelly Byers have to wear masks while working on clean-up in New Orleans. Students and faculty went to help efforts after Hurricane Katrina.

BELOW Students participating in a Wednesday morning service at the Piephoff Outdoor Chapel. Despite the early hour, many PC students found time for fellowship.

Spiritual Moments

Campus ministry at PC is diverse and includes many different organizations. Between small bible studies or weekly worship and praise gatherings, there is a time and a place for every type of devotion. Some professors are actively involved in worship and there are even groups, like Hobbie's weekly discussion group, that are led by professors. Presbyterian Student Association, Celtic Cross and other groups are led by students. PC is the home to many religious groups including Fellowship of Christian Athletes and Campus Outreach. The chaplain, David Lindsey, takes a proactive role in the student's lives and faith journeys. David can be found on campus eating lunch with the students, leading prayer by the pond or discussing theology in Inklings. When David came to PC, he started the Bluefish program, which consists of about 30 students who serve as spiritual advisors to the other students. While attending PC not only do students receive an excellent education but they also have the opportunity to expand their spiritual life.

Religious Groups

The variety of religious organizations at Presbyterian College supports religious growth, understanding, and fellowship. There are fifteen religious organizations on campus, creating a diverse faith community that “gives people an opportunity to explore different religious views,” says freshman Caroline White. Smaller bible studies and discussion groups such as Alpha/Omega, Women at the Well, Buechner Society, Canterbury Club, Newman Club, Reel Faith, Soul Feast, Moveable Feast, Common Grounds, Westminster Fellowship, and Wesley Foundation are essential to providing a sanctuary of spiritual support for every student on campus regardless of denomination or belief. Keeping in mind the sense of community at PC, sophomore Bluefish Becky Cremer suggests, “It’s important that all religious organizations on campus work together for a common purpose.” During the monthly and weekly worship services, organized by the Bluefish worship team, both PC faculty and students find time to come together and reflect on faith, the uniting factor of all the campus religious groups. Freshman Ali Knaack particularly looks forward to Wednesday morning worship services because they are “a peaceful way to start the day.” So if you are searching for spiritual challenge and fulfillment, discover PC’s religious life for yourself.

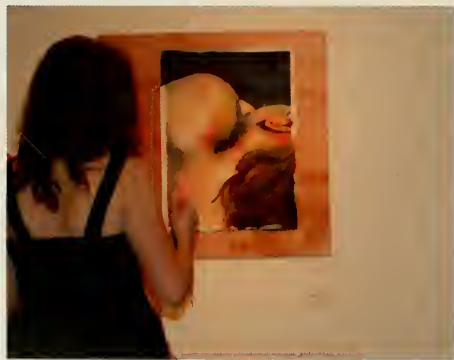

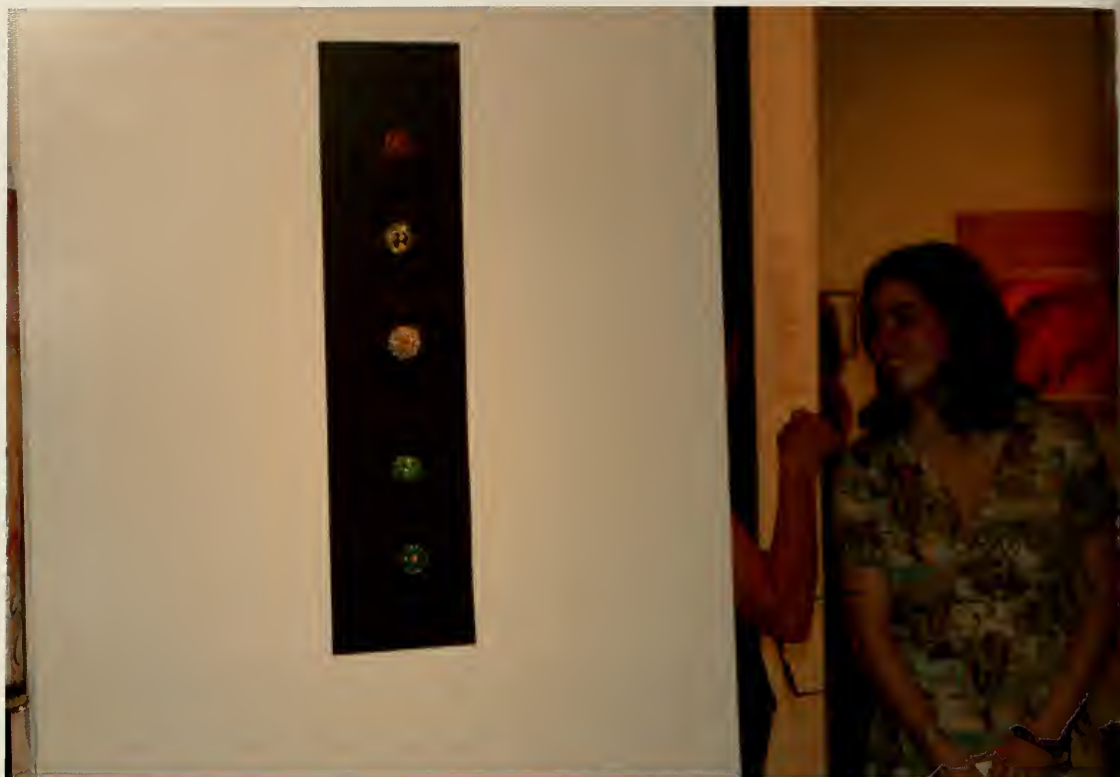

ABOVE A group of students congregate with Dr. Peter Hobbie while preparing for a meeting.

ABOVE Many PC students sing worship songs at the outdoor chapel. Wednesday morning services were a great way to start the day.

Enjoy some of the 2007 Senior Art Show pieces.

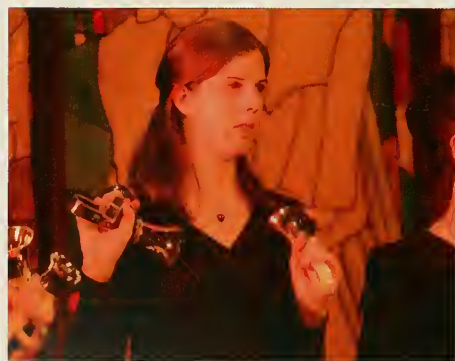

LEFT Meredith Waldrep explains one of her pieces to the on-lookers.

Senior Art Show

LEFT Faculty, students, and visitors enjoy touring the Senior Art Show. This show was the culmination of four years of hard studying and work. The seniors were excited yet nervous to display their art.

ABOVE A bells player concentrates so that she will be sure to play the right notes. With all the different aspects of the Christmas Concert it was a beautiful combination.

RIGHT The Chorus sings a musical number that was in the concert. This year's concert was entitled "How Far to Bethlehem".

LEFT The dancers perform their routine with skilled precision. They had to practice throughout the fall to perfect their performance.

LEFT Ali Titus performs a solo during the concert. The musical talents proved to be amazing when all put together into the performance.

BELOW Stephen Humphries plays his specialty, the dulcimer. Stephen even created a cd which was sold in the bookstore displaying his musical talent.

Christmas Concert

LEFT The band was an essential part of the concert. They tied the singing, dancing, and acting together.

ABOVE Sophomore Samantha Ingram gives two thumbs up for the experience of jumping out of an airplane. She, along with other WAP members, had the chance to skydive with Skydive Carolina. They jumped in Chester South Carolina.

RIGHT WAP advisor Dave Besuden tells the group the plan for the day before setting sail. The group not only sailed the waters, but they also enjoyed the scenery of Lake Greenwood. It was the perfect fall trip before cold weather hit.

BELOW Heather Ginn and Rindy Tuttle take time of enjoying the scenery to make sure they captured their trip on camera. WAP members and other outdoor enthusiasts made a trip up to Triple Falls.

BELOW These WAP members had the rare opportunity of seeing a manatee up close and personal. The endangered manatee is hard to come by, but with snorkels and fins on, WAP members were able to enjoy the wonderful experience.

Wilderness Activities

LEFT These WAP members are ready to float. They took time before jumping in to listen to rules and safety instructions. They had a great time tubing down the Chattooga River:

ABOVE First place winner, Jessica Hand, impresses the judge with her talent.

RIGHT Dr. Buckland and freshman, Emily Monk enjoyed the opportunity to participate in the inaugural event.

LEFT All the participant of the Orval Oleson Competition gather together for a group picture. From left right: Emily Monk, Ali Titus, Taylor Randall, Nick Roosevelt, Jessica Hand, Josh Howard.

LEFT Third place winner, Josh Howard performs a piano piece for the competition.

BELOW Dr. Matsuo accompanied Nick Roosevelt for vocal performance in the competition.

Solo Competition

For over twenty years, Dr. Orval Oleson was a fixture in the Department of Music at Presbyterian College. Dr. Oleson conducted the Wind Ensemble and, with the help of PC students in the early 1980s, founded the Blue Thunder Pep Band. Dr. Oleson may be most fondly remembered by generations of music students at Presbyterian College as the faculty adviser to Delta Omicron, the honorary music society. Populated by music majors, minors, and non-majors in equal numbers, Delta Omicron was the social and service arm of the Department of Music. On Saturday, February 17, 2007, Presbyterian College hosted the inaugural Orval Oleson Solo Competition sponsored by Delta Omicron. The competition went very well with a variety of musical talent. Four vocalists, a pianist, and a flutist competed in the Orval Oleson competition. Jessica Hand won first place playing the flute, soon followed by vocalist Taylor Randall. Third place was given to Josh Howard on the piano. Ali Titus and Nick Roosevelt received honorable mention for the vocal talent. Also performing was freshman vocal major, Emily Monk. Nick Roosevelt comments on the competition; "It was wonderful to participate in the inaugural Orval Oleson Delta Omicron Competition. Having known Dr. Oleson, he always strived to pull the best from each of his students and this competition will only further exemplify his dedication to the music department as students are given the opportunity to compete and gain valuable experience."

ABOVE ROTC students gather together for a ceremony. Besides the knowledge and experience students gained from ROTC, they also gained strong friendships.

RIGHT During freshmen orientation a helicopter landed beside Clinton Dorm. People could come see it and ROTC members showed the students a little of what they had learned.

LEFT Two ROTC students practice their shooting skills while having a little fun playing paintball.

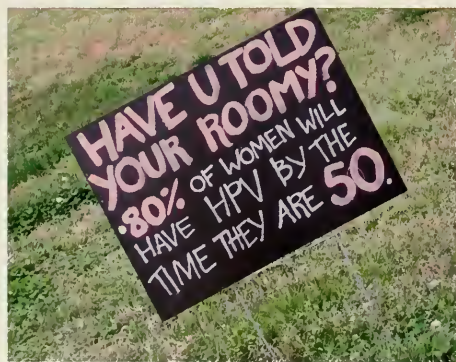

ROTC

LEFT Drew Jordan is sworn in. It was a big decision for students to join ROTC.

BELOW Four ROTC members stand proudly at attention. The members were given many chances to go off campus with their group.

ABOVE Ladies in Panhellenic chose to adopt HPV Awareness as their philanthropy. The ladies of ZTA won a contest by presenting a campaign for the project.

RIGHT Panhellenic officers prepare to begin their weekly meeting by taking the roll. Panhellenic meets weekly to discuss issues concerning all sororities.

LEFT 2007 Panhellenic Council

BELOW LEFT Panhellenic and Inter Fraternity Council work together to put on the Greek Games. Panhellenic members were prepared to play tug of war:

BELOW Pi Chi's for 2007 were initiated. Being a recruitment counselor was a great honor. It was also a huge sacrifice to disaffiliate from their sororities.

Panhellenic

The Panhellenic Association at PC is very important in campus life for many ladies on campus. This association is made up of the three sororities on campus, which are Alpha Delta Pi, Sigma Sigma Sigma, and Zeta Tau Alpha. Every member of Panhellenic is bound together in an oath of fellowship and goodwill between all sororities at PC. Panhellenic gives sorority members the chance to put aside the fact that they wear different letters and, working together for a common good.

Panhellenic recognizes every Greek woman at Presbyterian College as a member of one united organization, the Panhellenic Association. This association promotes high moral standards, as well as academic standards. As members, each Greek woman works together to promote positive competition among the three sororities on our campus. This association helps to build strong relationships among the entire Greek community, not just within each sorority. Service to the community is expected through Panhellenic and individual philanthropies. This year, the Panhellenic Association adopted the cause of educating the Presbyterian College campus about HPV. Each sorority worked together in this common cause to spread awareness about this disease.

The Panhellenic Association handles Sorority Recruitment on campus. They educated girls who are interested in going through the process of Recruitment and potentially joining one of the sororities as a new member. Each year, girls from each of the sororities disaffiliate from their chapters, becoming a Pi Chi, committing themselves to showing and helping the ladies going through Recruitment. They serve as someone to talk to who has been through the experience before. Panhellenic officer Claire George simply states that, "Panhellenic provides an environment for Greek women to share ideas. Separate we are unique, but together we are complete."

ABOVE Freshmen girls gather to support Governor Mark Sanford before the fall election.

RIGHT Several students and supporters gather together at a political rally.

LOW Kathryn Mangum poses with Governor Sanford. Kathryn served as this year's College Rebublic's President.

College Politics

ABOVE Katie Welborne supports Mark Sanford before the election. College political groups had a busy year since it was the year of a gubernatorial election.

LEFT To try and persuade voters, supporters rallied on the streets with signs.

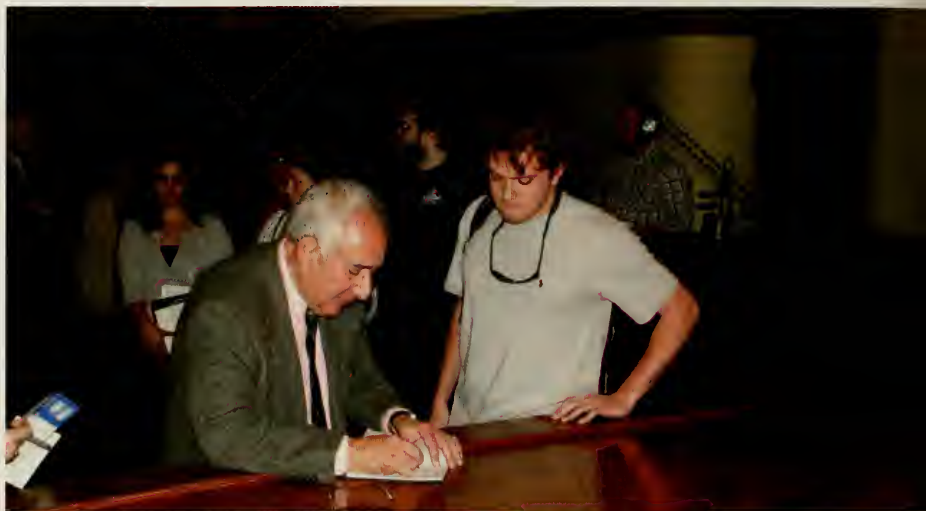

Academics

*"Education is a better safeguard of
liberty than a standing army."*

-Edward Everett

Ben Stein at PC

RIGHT Ben Stein signs an autograph for Zach Glankler. Stein spoke on teenagers and young adults' role in the media.

RIGHT Stein captures the attention of the enormous audience in Belk Auditorium. Stein was a very interactive speaker; contrary to his role in *Ferris Bueller*:

BELOW Ben Stein doesn't mind staying after his talk to meet students and professors. He was pleased to talk with anyone who stopped by for a chat or an autograph.

LEFT Stein is very comedic not only in his talk but also in meeting the community of PC. He showed how laid back and entertaining he could be.

BELOW Stein meets many professors including President, Dr. John Griffith. Stein congratulated Clinton on being "the America that we pledge allegiance to."

Colophon

The 92nd volume of the PaC SaC contains 196 pages. 1,000 copies were printed. The paper used was 100 pound. The final trim size was 8.5" x 11".

Production:

One computer was used to create this volume of the PaC SaC. Pages were laid out using Adobe InDesign CS2. Photos were corrected using Adobe Photoshop CS2. All material was electronically submitted through the internet via Jostens Publishing.

Printing:

Jostens Publishing printed this volume of the PaC SaC. Claude Salcedo of Spartanburg, SC was the Jostens representative. Tim Ross with Jostens handled the PaC SaC while in the plant.

Photography:

David Lawrence of David Lawrence Photography, Greenville, SC, was contracted to photograph the student body.

All other photos were taken by Norman Devar, Steve Owens, Tim Laird, Jordan Creggill, Jessica Peterka, or submitted by the students, faculty, or staff. Thank you to all who helped in visually capturing the memories of Presbyterian College, 2007.

Type:

Font type in the 2007 edition of the PaC SaC included, but was not limited to, AYTCherisee and AYTFastFarden.

The content of this book does not necessarily portray the official views, ideas, and thoughts of Presbyterian College.

Dear Class of 2007

Your four years here have quickly gone by. You are now a part of PC's history and traditions. You will always remember special times that made your stay here so great. The move up to Division I, the Maymasters, the trip to the SAC championship, the classes that tested you, the start of the Lacrosse Team, the late nights at Waffle House, and many other times that will be etched in your memory for years to come. You were the PC family! Your special contributions kept traditions alive and started many new ones.

As you walked across campus these last few days you stepped time and time again to tell a special friend goodbye, you spent one more hour with a favorite professor, and of course you ate one more meal in GDH before you packed up your things one last time. You were leaving behind special places and special times.

You will move on with your lives, have new adventures, visit with friends, get jobs, and become "real adults". But no matter how long you are gone from this campus, you will never forget your PC family. You will tell others that you went to Presbyterian College. It was not a big school, but after all it is the small things that make something great!

*Live the Spirit of PC,
Your fellow Blue Hose*
